MMS

Why Choose MMS?

01

Advanced Durability & Water Resistance

Crafted with ultra-durable and highly water-resistant materials, MMS ensures your belongings stay protected under all conditions.

02

Fully Customizable Organization

Easily customize your bag's interior layout to match your exact needs with five versatile pouch sizes.

03

Magnetic Attachment System

Enjoy the convenience of quickly attaching or removing pouches from the main bag through our innovative magnetic attachment system, designed for seamless use.

04

Welded Technology Construction

MMS bags are constructed using advanced welded technology—no stitching involved—offering superior strength, water resistance, and a clean, modern look.

The Magnetic Experience

Place the Pouches
with ease

The Modular Magnet System is made for a smooth & sleek feel

Effortless Placement

01 Each pouch is equipped with powerful N52 Neodymium magnets, providing a satisfying "snap" that firmly secures them inside the main bag.

Sleek Interior Integration

02 Inside the main bag is an integrated metal plate, allowing smooth, secure attachment and detachment of pouches, maintaining a sleek, organized interior.

Main bag features

- 01** **Secure Back Pocket**
Water-resistant pocket at the back ensures safe storage for essential items

- 02** **Convenient Carry Handle**
Comfortable handle positioned on top of the bag for easy transport

- 03** **Personalized Label Window**
Dedicated area for inserting labels, brand names, or essential product information

Pouch features

01

Customizable Label Area

Clearly mark your pouch with your own labels or directly write with our special marker. Easily erase and rewrite as needed with alcohol

02

Clear Visibility

Transparent front window for easy identification of pouch contents

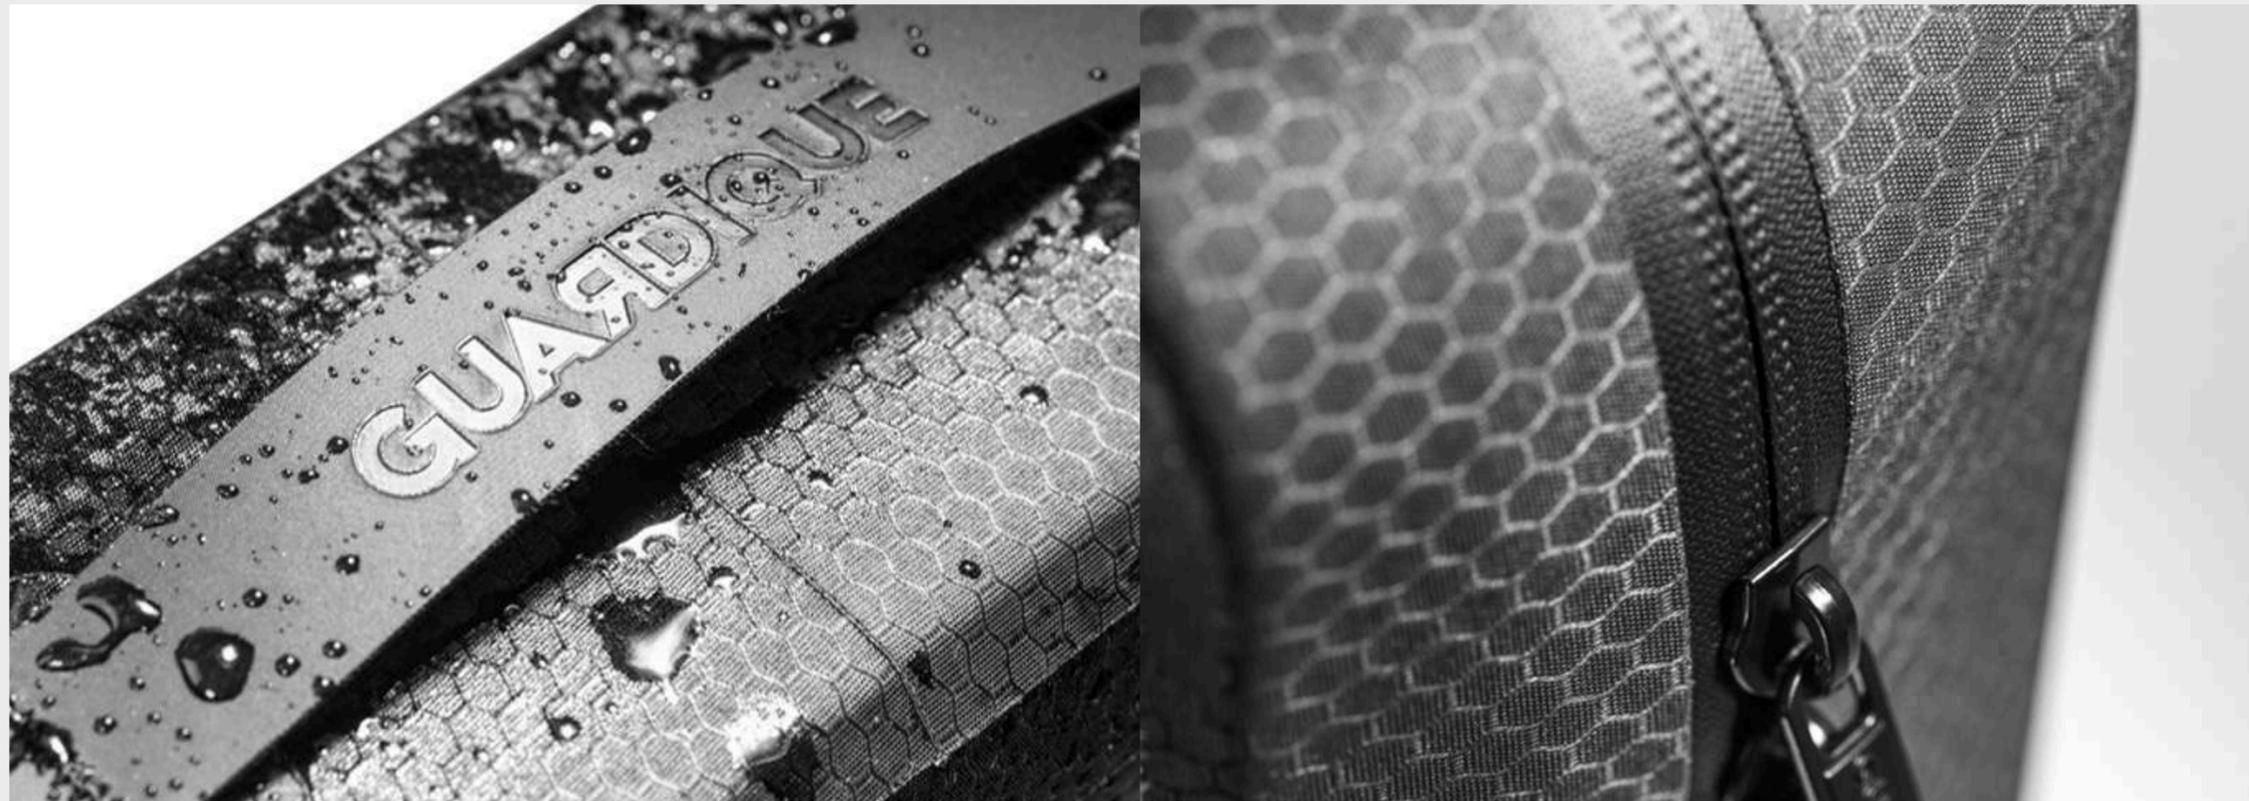

03

Quality Labels

All labels are produced in-house, ensuring consistent quality

Technical Highlights

- 01** **Premium Materials**
High-quality water-resistant materials ensure your items remain dry and secure

- 02** **Water-resistant Zippers**
Advanced zipper tapes designed to enhance moisture protection

GUARDIQUE™

Interior Structure

Modular Pouch System

Use our 5 versatile pouch sizes equipped with magnetic attachment points, allowing effortless and intuitive customization. Quickly arrange, attach, or remove pouches for a personalized, organized interior.

01

Precision Foam Inserts

These custom-designed foam interiors offer specialized protection, perfect for sensitive gear or items requiring enhanced cushioning and secure placement.
